

Aryan Shrivastava

Email ID: aryan.shrivastava2k3@gmail.com

Phone No.: +91-8827472291

Linkedin Profile:

<https://www.linkedin.com/in/aryanshrivastavavitbhopal/>

Github Profile:

<https://github.com/aryanshrivastava2022-crypto>

Technical Skills:

- **Programming:** Python, SQL, Java, C++
- **Libraries & Tools:** Pandas, NumPy, Scikit-learn, Matplotlib, Jupyter Notebook, Github
- **Core Areas:** Data Structures & Algorithms, Machine Learning, Deep Learning, Computer Vision, Pytorch, Seaborn
- **Soft Skills:** Problem Solving, Time Management

Certifications

- **Python for Data Analysis – Great Learning (Jan 2024)** : Data manipulation and visualization using Jupyter Notebook, Pandas, and NumPy
- **IBM AI Engineering Professional Certificate (Coursera) (Dec 2023)**: Covered ML, Deep Learning (TensorFlow, Keras, PyTorch), and Computer Vision
- **Python Essentials (Vityarthi) (Jan 2023)** : Beginner-friendly online programming program.
- Additional Certifications like Hackerrank, HP Life, etc.

Education

Degree	Tenure	Educational institution	CGPA/Percentage
Integrated M. Tech. (CSE - Computational & Data Science)	2022 – 2027	VIT Bhopal University	8.15/10
Class XII (CBSE)	2022	The Iconic School, Bhopal	83.8%

Academic Projects

Machine Learning Translator (Hindi–English & Hinglish–English) (2025)	• Developed a machine learning-based language translation system for converting Hindi and Hinglish text into English • Implemented NLP techniques including text preprocessing, tokenization, and sequence modeling • Trained models using Python libraries such as NLTK, TensorFlow / PyTorch • Handled code-mixed (Hinglish) data, improving translation robustness for real-world inputs • Achieved improved translation accuracy through preprocessing and dataset tuning • Built a prototype capable of translating informal user-generated text • Link: https://colab.research.google.com/drive/1xtBfw9Q4gRXKlc2sSb5wlalFjtkC4C3n?usp=sharing
Gender Classification (2025)	• Developed an ML classification system using facial/physical feature data. • Applied preprocessing, label encoding, feature scaling and train-test splitting. • Implemented and compared AdaBoost, Gradient Boosting and XGBoost classifiers • Link : https://colab.research.google.com/drive/1bb4dMi7qCW9JQPKaz05AXIEKWScMpZo?usp=sharing

Major Subjects

Subject	How it fits my skillset ?
Data Structures & Algorithms	Important for software/DSA/placement roles
Database Management Systems	Relevant to data handling and SQL
Artificial Intelligence	Directly related to ML/AI projects
Foundations of Data Science	Core to CDS specialization
Data Analysis & Visualization	Directly relevant to Data Science
Distributed Systems	Relevant to Big Data and scalable systems
Deep Learning for Computer Vision	Very relevant to Object Detection & Classification project
Data Engineering	Relevant to data pipelines and datasets
Big Data Analytics	Relevant to large-scale data processing
Scalable Systems for Data Science	Strongly relevant to CDS specialization

Internship Experience

Sabudh Foundation (Online) Jan- Jun 2025 Intern – MPOnline Oct-Nov 2025	- Completed a 6-month intensive Data Science internship (Batch-14) - Worked on real-world datasets applying ML and data analysis techniques - Strengthened skills in Python, DSA, and model building - Collaborated with mentors to solve practical industry problems - Gained hands-on experience in digital service platforms and e-governance systems - Assisted in managing and processing online service workflows - Worked with data handling, documentation, and system operations - Developed understanding of public service delivery systems and backend processes - Collaborated with team members to ensure smooth execution of tasks
---	---

Achievements

Achievements	- Solved 100+ Data Structures & Algorithms problems on platforms like HackerRank and others - Earned more than 1000 certifications to supplement my learning in college
--------------	---

Additional Information

Date of Birth	4th December 2003
Passport Number	U5350945
Hobbies	Reading Academic Books, Playing Video Games Like PS3, Listening Music
Languages	English, Hindi
